RE: Clinton Mine  
Interpace Corporation  
Utah County, Utah  
ACT/049/006

Dear Mr. Hirschfeld:

After reviewing your June 24, 1980 letter concerning the Clinton Mine, the Division feels the requested variances for Rule M-10(3) and (7) can be approved.

The variance to Rule M-10(12), dealing with revegetation, with a post-mining land use of range land, where it is common practice to reseed to a diverse mixture of grasses, forbs and shrubs, is not approved.

The Division approves the request to leave the structure for continued use, provided that the spillway described in Great Basin Engineering's Report be constructed.

If you agree with these variances, we will need your concurrence. If any questions arise, please call.

Sincerely,

THOMAS J. SUCHOSKI  
ENGINEERING GEOLOGIST
